

Sawtry's Neighbourhood Plan

Progress...The Covid delays applied the brakes to our work, and the latest lockdown presents a further obstacle. Daily life is unlikely to approach 'normal' for several months. In the meantime, our Group is devising ways to publicise the project and obtain feedback.

A Reminder... Neighbourhood Plans give local communities greater influence over developments in their area. There are also financial benefits in having a Plan in place. The core of a Plan is a statement of objectives and policies determined by local residents, businesses and other groups. To ensure the widest representation, this is where your views, opinions and values are essential in shaping the Plan's content.

Your opinion Counts...Do you have ideas how Sawtry could be improved in the years ahead? You may have suggestions in several aspects of our village life such as flood prevention, housing, education, shopping, health services, community facilities, the environment, green spaces, youth provision, footpaths,.. and many more areas.

Volunteering...In addition to offering your views, would you be willing to support the efforts in preparing our Neighbourhood Plan? Could you collect paper surveys from your neighbours, especially those without email or social media? Do you wish to join our Neighbourhood Planning Group and support its work on a regular basis?

Contact Details...If you are willing to assist, or simply wish to be informed of developments, please reply to the Parish Council either by email to: john.potter@sawtry-pc.gov.uk or in writing to the Old School House, 37 Green End Road, Sawtry, PE28 5UY.
